Lebanon, Beirut

EDUCATION

Bachelor of Science in Computer Science

Lebanese International University
2022 - 2025

SKILLS

- PYTHON
- HTML
- CSS
- JAVA

LANGUAGES

- ARABIC
- ENGLISH
- SPANISH

CERTIFICATES

- CCNA R&S:
INTRODUCTION TO NETWORKS
- CCNA:
SWITCHING, ROUTING AND
WIRELESS ESSENTIALS

ABOUT ME

I'm a Computer Science graduate interested in software development, problem solving, and building useful, real-world applications. I'm looking for an opportunity to work on projects, improve my skills, and grow with a team that values practical solutions and solid work.

PROJECTS & EXPERIENCE

Face Recognition Attendance Website – Senior Project

Lebanese International University – 2025

- Built a full web-based face recognition system for attendance using computer vision and web technologies
- Integrated real-time face detection to automate student check-in
- Designed a simple and responsive interface for admins to manage users and records

Restaurant Menu Website – Personal Project

Lebanese International University

- Created a clean, responsive web page for a restaurant menu with sections for food, prices, and images
- Focused on layout, and visual clarity
- Practiced writing clean, reusable code and structuring content for users
