EDUCATION

Lebanese International University (LIU)   **Beqaa,Lebanon**
B.S. in Computer Science   *Graduated July 2025*
- o   **Concentrations:** Web Development, UI/UX Design
- o   **GPA:** 3.00/4.00, *Dean's List*
- o   **Related Coursework:** Data Structures & Algorithms, Web Development,UI/UX Principles & Design,, Object-Oriented Programming, Computer Vision & Face Recognition Systems

EXPERIENCE

Freelance Web & Python Developer   **Beqaa,Lebanon**
Face Recognition Attendance System   *Dec 2024 – present*
- Built modern, responsive restaurant menus
- Wrote Python scripts and small Flask services to automate menu data imports and client reporting
- Integrated Supabase and REST APIs for real-time updates to dishes, prices and photos
- Designed intuitive UI/UX for both customer-facing pages and admin dashboards
- Managed end-to-end deployment and ongoing support under a subscription model

Final-Year Project Developer   **Beqaa, Lebanon**
Lebanese International University (LIU)   *feb 2025 – june 2025*
- Engineered a face-recognition attendance system using Python, OpenCV and Flask
- Created RESTful Flask APIs and a responsive web interface for student/faculty registration and reporting
- Stored and queried attendance records via a SQL database using SQLAlchemy
- Achieved 95%+ recognition accuracy and automated daily attendance reports

Lebanese Red Cross - Volunteer   **Beqaa, Lebanon**
Lebanon   *july 2023 – present*
- Provide first-aid support and emergency response at community events
- Fast Respond to accidents, natural disasters, and community health crises
- Remain on-call to assist with search-and-rescue operations, blood drives, and outreach events

Projects

Face Recognition   **Beqaa,Lebanon**
Face Recognition Attendance System   *feb 2025 – june 2025*
- Built a full attendance-management solution with Python, Flask & OpenCV
- Designed intuitive student and faculty interfaces for easy registration and reporting
- Implemented real-time face detection/recognition, achieving over 95% accuracy
-

Menu templates   **Beqaa, Lebanon**
Restaurant Menu   *Dec 2024 – present*
- Design and deliver modern, responsive online menus for restaurants
- Integrate real-time updates so owners can change dishes, prices or photos instantly

SKILLS

Programming: Java, Python, JavaScript, HTML/CSS, SQL, Node.js, React.js
Tools: Vscode, Cursor, Git, Bootstrap
